Evergreens a Specialty

We Carry a Stock of
75,000 Evergreens

"We Grow the Best a Little Better"

Mosty Brothers Nurseries

Established in Kerr County 1897

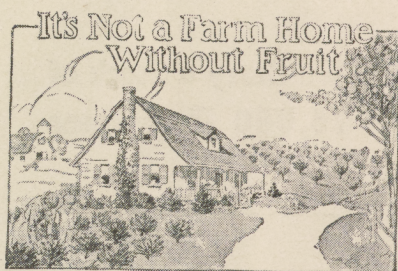

MEMBERS OF

 American Association of Nurserymen 
BUILDERS of BEAUTY

AND

Southwestern Association of Nurserymen

Fifty Acres in Orchard and Nursery

INTRODUCTORY

—o—

This list cancels all previous quotations and is subject to change without notice and offered subject to stock being unsold.

TERMS: All contracts and agreements are made subject to loss of stock or failure of delivery due to weather conditions, strikes or other causes over which we have no control. All shipments travel at the risk and cost of purchaser. Terms cash from those who have not established their credit with us. These prices carry 10 per cent discount for cash with order or before date of shipment, and net after shipment. 8 per cent interest charged after June 1st.

PACKING: All evergreens balled and burlapped except where noted otherwise. Car lots, packing no charge and will take the 100 rate prices. Local shipments, packing and crating at cost and will take the 10 rate unless 40 or more are ordered of one variety.

GRADING: Fruit trees graded by height without regard to caliper. In evergreens where the width is greater than the height, the spread will determine the grade. Most of our evergreens are pinched and pruned to develop stocky, well developed plants.

VARIETIES: Our varieties are true to name, mostly being grown from cuttings or grafted from choice plants and being grown in a soil rich in minerals, with good cultivation and constant care develop and color up well early in the fall. Due to our altitude and dry atmosphere our evergreens can be dug earlier in the fall and will stand transplanting better than those grown in a warmer and more humid climate. You will find our stock unexcelled in rich coloring, which indicates vigor and vitality.

GUARANTEE: We exercise the greatest care to have our trees and plants healthy and true to label. All stock is handled with utmost care. All plants are carefully dug and packed—in no way exposed in handling—shipped perfectly fresh from the field. Beyond this we have no control and the responsibility rests entirely with the purchaser.

We have the better class of evergreens for high class work in quantity such as Abelia, Euonymous, Feijoa, Laurocerasus, Ligustrum in variety, Nandina, Photinia, and the best varieties of Conifers such as Berckmans dwarf golden, Pyramidal, Bonita, Arbor Vitea, Italian Cypress, etc. We invite you to visit our nurseries and select your stock. We will appreciate your business and will give your order our personal attention, and with the most complete assortment of high class stock in the Southwest, we solicit and hope to merit your patronage.

Sincerely yours,

MOSTY BROTHERS.
